About Our Way to Respond to the Information of the “Nankai trough” Earthquake

Accompanying the standard of the official announcement of “Earthquake advisory” or “Warning declaration” of Nankai trough earthquake, we will respond the information as following. Your understanding and the proper actions are much appreciated.

① **In case that “Earthquake advisory” or “Warning declaration” is issued when you are at home.**

◎ Don't let the children go to school. (Our school will be closed)

The school will be closed on that day when the information or declaration is not cancelled as of 0 o'clock in the morning (midnight).

②. **In case that “Earthquake advisory” or “Warning declaration” is issued while going on the way to or from the school**

- ◎ We will communicate with “Chiku-iin” member of the area committee, and take proper action. The students have to go home quickly as a rule. But they have to wait for the parent at school in case that they arrived at school. The teachers will patrol ,grasp the situation and help the children.
- ◎ When the students leave school, we will communicate with “Chiku-iin” member of the area committee, and take proper action. However, in principal , the children have to go home as it is .

③ **In case that “Earthquake advisory” or “Warning declaration” is announced after beginning the classes.**

We will end the classes immediately. The parents have to come to school to take the children.
We will confirm your ID card to let you take the children home.

〈Remarks〉

You will hear “Earthquake advisory” or “Warning declaration” of the Nankai trough earthquake from the Meteorological Agency, even if you are anywhere (at home, in your office, public offices or factories).

- * These are informed you through TV, radio ,and your community's public information.
The following is order. “Information of investigation” ⇒ “Earthquake advisory” ⇒ “Information of prevision” of Nankai trough earthquake.
Warning declaration will be announced after “Information of prevision of Nankai trough Earthquake”.
- * In case that “Warning declaration” is announced or a big earthquake occurs suddenly without any information, it is estimated that it is hard to contact each other because of the confusion of lines. We will communicate with “Chiku-iin” the member of area committee, but please be sure to come to school and take your children with the parent's responsibility.
- * When Nankai trough earthquake occurs, it is estimated that civil hall will be a headoffice for countermeasure against disasters. Please refrain from coming to school by car because the road in front of the civil hall will be suspended.
